## **BUSINESS SYSTEMS MANAGER: BRAAMFONTEIN OFFICE**

### **Purpose of the Job**

The position is a specialist position, **not** a “people management” or Developer Management role. The successful candidate needs to, **in his/her own capacity**, perform all the functions and provide leadership to Business and External Service Provider Teams to deliver on the Business Systems and Information Security Strategy.

The following activities are included in the Job Function:

- Lead the Development, Support, and Maintenance of Business Systems
- Perform Business Systems Analysis, Compile business requirements for Business Process Automation system development, and perform the Project Management and coordination across multiple departments and service providers.
- Drive Business Process Automation and Business Information (BI) / Dashboarding initiatives (from conceptualization to implementation).

### **Leadership Competencies and related Skills and attributes:**

- Strategic thinker, Skilled Facilitator, Business Analyst and Project Manager
- Goal driven, with a business process improvement orientation.

### **Qualifications and Experience:**

- A minimum of a B-Degree in Information Systems (IS), Accounting or Engineering and Business Analysis Certification
- MBA in addition to the B-Degree advisable
- Minimum of 10 Years of proven managerial experience in Business System Development, Management of Business Solutions and Business Analyst.

It is the Council’s intention to promote equity through the filling of all numeric targets as contained in the EE Plan, first preference will be given to Coloured Females and Indian Males.

All applications accompanied by comprehensive word format CV’s must be forwarded to the **NBCRFLI** Human Resources department via email address to **michael.sibuyi@nbcffi.co.za** before the closing date.

**Closing date: 06 May 2024**

**Should you not hear from us 30 days after the closing date, please consider your application unsuccessful.**
