Circular to all Employers in the Road Freight & Logistics Industry

The NBCRFLI has been a target of SPAM emails

The NBCRFLI has been a target of numerous SPAM emails that have malicious links imbedded in the email.

When a user opens/clicks on the link, the link creates copies of the SPAM emails, from the user's contact list, and sends this copy to all their contacts.

This creates a chain of SPAM email propagating through several companies infecting users as it moves along.

At present, apart from the spamming taking place, it seems like the emails are harmless and don't have any other virus attached to them.

Please verify any NBCRFLI emails that you receive – with links in the email body – with the respective NBCRFLI representative.

If you cannot positively establish the authenticity of the mail, please delete the mail.

We would like to apologise for any inconvenience.

Yours Faithfully

National Secretary
