CIRCULAR TO THE INDUSTRY

New Bank Account Details

The NBCRFLI (Council) has opened accounts with the four major banking institutions in South Africa, this has been done to provide an improved service to the stakeholders as well as reduce the challenges of unidentified payments. It is hoped that the opening of the bank accounts will improve the allocation of payments received as well as expedite payment of funds to industry members. We would therefore like to encourage and request that all future payments to Council be made into the account which is held at the same banking institution as the one you are currently banking with, if your bank is one of the four major banks listed below. Please remember to reference your deposit with your unique Council reference number.

The bank account details for the four major banks are as follows:
