

29 September 2012

**Circular to all Members in the Road Freight & Logistics Industry**

**Re: Wage Negotiation Update: 29 September 2012**

The Parties to the NBCRFLI, i.e.

***The Road Freight Employers Association (RFEA), and***

***The South African Transport and Allied Workers Union (SATAWU), and***

***Motor Transport and Allied Workers Union (MTWU), and***

***Transport and Allied Workers Union of South Africa (TAWU), and***

***Professional Transport and Allied Worker Union (PTAWU)***

Wish to categorically distance themselves from an agreement purportedly reached in the NBCRFLI Cash in Transit (CIT) Chamber on Friday 28 September 2012. The parties do not recognise this so-called agreement.

None of the parties to the NBCRFLI mandated any of its members to conclude an agreement outside the formal process.

The formal process is going ahead and the parties remain committed to the CCMA facilitated process.

Yours sincerely
