Circular to All Stakeholders in the Road Freight and Logistics Industry

Industry Climate Survey

We would like to inform you that, following deliberations on various strategic issues aimed at strengthening the Council, it was resolved that an independent industry climate survey be conducted. The objective of the survey is to better understand the evolving needs of industry members in light of recent developments.

To this end, the Council has appointed an independent service provider, Quest Research Services, to carry out the survey. Representatives from Quest Research Services will be in contact with you to facilitate your participation.

Should you have any queries, please do not hesitate to contact your local designated agent.

Yours Faithfully

Musa Ndlovu
National Secretary
