CIRCULAR TO THE INDUSTRY

BRINGING COVID-19 VACCINES TO OUR DRIVERS – POP-UP VACCINATION SITE LAUNCH ON THE R21

The NBCRFLI together with the Trucking Wellness Programme, the Road Freight Association, and Engen invite Road Freight and Logistics Industry employees to the “Road Freight Industry Vaccination Pop-Up launch”.

Vaccination is voluntary and no payment is required. Enrolment on the Electronic Vaccination Data System (EVDS) is required before vaccination.

We therefore urge employers whose drivers travel along this route to assist them with registering.

To register go to <https://vaccine.enroll.health.gov.za>. You will need a smartphone, tablet or computer. The welcome screen will guide you through the steps.

The vaccination pop-up site details are as follows:

Engen Highveld 1-Stop West on the R21

6 – 10 September 2021

09h00 – 15h00

The five-day pilot project will determine whether there is an appetite from truck drivers for mobile vaccination stations. The vaccination programme will be extended to other Engen stations based on demand.

Yours Faithfully

National Secretary
