WORLD AIDS DAY

This World AIDS Day we would like to highlight the inspirational work done by Trucking Wellness to fight the HIV/AIDS pandemic within the Road Freight and Logistics Industry and communities surrounding the Trucking Wellness clinics.

With the support of its donors, Trucking Wellness has led the fight against HIV/AIDS in the Road Freight and Logistics Industry for many years.

- Trucking Wellness has distributed approximately 190 million condoms to truck drivers and women at risk, since 1999.
- The staff undergoes regular training.
- There are 22 Roadside Wellness Centres supported by a fleet of Mobile Wellness Centres.
- During January to October 2015, more than 1 500 000 truck drivers and women at risk were examined at the Roadside and Mobile Wellness Centres and almost 2 million condoms were distributed.

Although significant progress has been made by the NBCRFLI in the fight against HIV/Aids, we're not done yet.

WORLD AIDS DAY

As World AIDS Day is celebrated globally on 01 December 2015, we would like to highlight the inspirational work done by Trucking Wellness to fight the HIV/AIDS pandemic within the Road Freight and Logistics Industry and communities surrounding the Roadside Wellness Centres.

Alongside major support from its donors, Trucking Wellness has led the fight against HIV/AIDS in the Road Freight and Logistics Industry for many years.

- Trucking Wellness has distributed approximately 190 million condoms to truck drivers and women at risk, since 1999.
- The staff undergoes regular training.
- There are 22 Roadside Wellness Centres supported by a fleet of Mobile Wellness Centres.
- During January to October 2015, more than 1 500 000 truck drivers and women at risk were examined at the Roadside and Mobile Wellness Centres and almost 2 million condoms were distributed.

Although significant progress has been made by the NBCRFLI in the fight against HIV/AIDS, we will continue to implement various strategies in order to better our efforts.
